

Secure, simple online payments

We request that all payments be made through our secure online payment portal, Aiwyn. See below for additional details on how to get started.

How to get started

1. Receive your **invoice by email**.
2. Click the **Pay Invoice button from the invoice email** to view your invoice.
3. Select your **preferred payment method** (credit card or ACH) and process payment.
4. **Create an account** (optional) to enable autopay, store payment details, and access your unpaid invoices.

Why use the portal

Pay securely -

Industry-leading encryption protects your information and eliminates the risks of check and wire fraud.

Link multiple accounts -

Manage payments across multiple businesses or accounts with consolidated billing access.

Set up recurring payment/autopay -

Easily automate your payments with autopay or recurring payment options for your convenience.

Simple, secure invoice access -

Invoices are delivered via email with a secure link - no login needed. View and access unpaid invoices directly in the portal.

FAQs

Do I need to create an account to pay my invoice(s)?

No. You can pay securely using the link in your invoice email without needing to log in. Creating an account is optional, but it gives you access to helpful features like autopay, saved payment methods, and a dashboard to view your full invoice history, including invoices from multiple linked accounts (if applicable).

What payment methods can I use?

You can pay using a credit card or bank transfer (ACH). All transactions are encrypted and secure.

Is it safe to pay online with Aiwyn?

Aiwyn uses bank-grade encryption and advanced security protocols. It's safer than mailing checks or sending wires, which carry a higher risk of fraud, [learn more](#).

How do I set up autopay or recurring payments?

To enable autopay or set up recurring payments, click the link in your invoice email and create an account. Once logged in, go to the Settings tab and either select "Set up Autopay" or navigate to the "Recurring Payments" section and click "+ New Recurring Payment".

Can I save my payment method for next time?

Absolutely. By creating an account, you can securely store your preferred payment method, making future payments more convenient.

Can I manage multiple accounts or businesses?

Yes. Aiwyn allows you to link and manage multiple client accounts under a single login, providing a consolidated view for easy tracking and streamlined payment management.
